

Winter 2026 Kieu Pham Gray Workshops – Tools and Materials List

Get In the Groove:

In this workshop, you'll dive into the art of stone inlay to create a geometric pendant. We'll start by sawing, shaping, and soldering the sterling silver to form the pendant foundation. **The accompanying lapidary session is required** to complete a finished pendant.

Tools List: None. Bring your saw and tools if you are more comfortable working with them.

Materials Kit: The instructor will provide enough material for 1 pendant (SS stock).

Inlay Pendant– Lapidary Workup:

Note: This class must include the Inlay Pendant construction class above

In the morning, we will fit and glue your inlay stones in place. In the afternoon we will cut and polish the inlay stones to complete the inlay pendant.

Students should bring:

X-Acto knife (thin blade)

Spring clamps, approximately ½" wide or medium and large binder clips

Optivisor

Micrometer

Stone for inlay: Minimum 6 mm width by 2 ½ to 3 mm height in various colors and patterns, of uniform, medium hardness.
