

**Oldies But Goodies
Glass Bead-making
Guest Instructor Jeri Warhaftig**

This workshop is for those with bead-making experience.

This is a two-day workshop, June 27-28, 2026. We will start at 9AM both days. **Please arrive no later than 8:45AM so that we may start on time.** The class will be held at the Tuscarora Lapidary Society's Education Center at 24 Upland Road, Brookhaven, PA 19015.

We have most of the tools you will need, but if you have glass beadmaking tools, please feel free to bring them, especially if you have your own suitable eye protection, which should be didymium glasses or stronger.

Please also bring **tungsten tweezers** (your preference of style and size). They are available at most lampworking supply outlets, including Frantz Art Glass, ABR Imagery, Arrow Springs

We will supply all the glass and materials you will need for the workshop. Its cost is covered by the workshop tuition.

Wear clothing made of cotton or another non-melting fabric and closed-toe shoes. If you have long hair, you must be able to tie it back. Leather aprons or other substantial aprons are great if you have one, but they are not necessary.

We have a small kitchenette with a microwave and a refrigerator where you can store food. Also, water bottles, sodas and snacks are available at a modest price. Bring your lunch, if you can. Otherwise, there are several fast-food places nearby.

We look forward to seeing you. If you have any questions, please don't hesitate to contact us at information@lapidary.org.
