

## **Prong Set Cabochons Supplies**

Learn to prong set your unusually shaped cabochons or druzies-or choose to prong set your more traditionally shaped cabochons or rose cuts in a setting of your design.

Beginner Level with some soldering and metalsmith experience.

Supplies needed:

- Cabochon or Rose Cut stone of your choice.
- 12” sterling silver 18 gauge round wire. (Rio # 100348- cost \$8.50)
- A piece of 24-gauge sheet metal, sterling silver, copper, or brass that is approximately 1½ times the size of your stone (if you use Sterling Silver, Rio #100440 a 3” strip by 1.5” cost would be \$51.73).
- Additionally any decorative castings, tubing, jump rings, decorative stones, etc. you may choose to incorporate in your designs.

Note: Those more experienced in metal work may choose to create the backplate by fusing your scrap silver.
