

Faceting Small Supply List

Good magnification is important for faceting. There are several choices. Students should bring at least one of the following:

Optivisor, preferred by many faceters, with at least a lens plate #5 or #10 at 2.5 or 3.5 power.

Hand held magnifier such as a 10 power doublet Loupe.

Fine tip Sharpie pen is useful to have.

Superglue and accelerator

We'll provide a small Alexandrite warm up stone, approx 3 ct rough

2-4mm small cone and flat dops.

A variety of synthetic rough options will be supplied for the class, but students may also bring their own rough if previously discussed with instructors. All rough must be at least 3mm in its smallest dimension.

All other tools and supplies are provided.
