

## **Winter 2026 Kieu Pham Gray Workshops – Tools and Materials List**

### **Step by Step Ring**

Create this stunning sterling silver ring with a bold bezel setting in this ring workshop. Designed for those with experience in basic metalworking, this class focuses on stone setting a faceted gemstone. Participants will learn to shape, solder, and refine the bezel setting, ensuring a professional finish. You'll also explore techniques for achieving smooth, polished details and a flawless fit for the gemstone, culminating in a striking, wearable piece of art.

**Tools List:** Heavy duty side cutters

Flat or parallel pliers

Magnifying glasses and Ott light (as needed)

Sharpie (fine tip)

Half round pliers

Oval bezel mandrel (optional)

**Materials Kit:** Provides enough material for 1 sterling silver ring (SS stock, pearl or CZ)
